

The Directors' Series

Beyond compliance

Directors face crucial decisions on independence, tax risk management, and governance. Their oversight role is increasingly important and increasingly technical, fraught with unprecedented risk and complexity.

The Directors' Series provides Canadian corporate directors with an opportunity to keep up with their learning requirements in a time of frequent change and new demands. Held as live satellite broadcasts in locations across the country, directors hear the voice of experience from seasoned corporate directors, company executives and professional advisors. They pose questions and discuss among themselves the current issues. More important, they walk away with ready-to-use information and tools to help them discharge their responsibilities.

Upcoming sessions

The Directors' Series will resume with its fall sessions starting on **October 11, 2006**. Stay tuned for more information on dates and topics for the 2006-2007 season.
